CONCEPTS IN IMPLANT AESTHETICS

CDE Programme

In Collaboration With 'LEADER IMPLANTS'

(6 CDE points)

on

23rd April 2015

Venue : Auditorium (2nd Floor)

Speakers:

Speakers:

Implantology has become an exciting and dynamic practice within dentistry during the past three decades. From less than well accepted treatment option it has mushroomed into the current hottest issue in dentistry. Success and failures are part of human life; implant cannot be an exception to this. Success in implantology depends on accurate diagnosis and treatment planning, aseptic atraumatic surgical techniques, proper design and loading of super structure and finally good oral maintenance.

With constant stream of new scientific discoveries, clinical reports and innovations, keeping up with the world of dental implants is challenging. To make the concepts easy and interesting, we have blended lectures with live surgery, video demonstration and hands-on training.

We hope our dental implant course goes beyond knowledge and you will be inspired to practice implantology in your everyday work situations. To understand this entire goal in implantology we have organized this CDE and we would appreciate your active participation to make it a success.

Dr. Kishan Singh

A dynamic leader and distinguished academician, Dr. Kishan Singh has completed his graduation from King George Medical College in year 1986 and did his post-graduation from the same institution in 1989.

He has more than 26 years of experience in academics.

He has worked with many prestigious institutions e.g. King George Medical College, Lucknow; PGIMS, Rohtak; D.J. Dental College, Modinagar; ITSCDSR, Muradnagar.

He is presently principal and head of Prosthodontics department at Shree Bankey Bihari Dental College.

He has presented many scientific presentations and won many awards for scientific papers and posters. To his credit are many published articles in national and international journals.

Dr. Bijoyesh Marda

A very innovative and intelligent personality, Dr. Bijoyesh Marda did his graduation from King George Medical College, Lucknow in 1999. He went on to do residency training in oral & maxillofacial surgery from the same institute and completed it in 2003.

In the year 2004 he moved to Delhi and was involved in education at dental schools and private practice as a specialist oral & maxillofacial surgeon

Over the years he has conducted continuing education courses as a faculty in oral surgery and Implantology at smile India, Delhi and been involved in workshops and conference in Delhi NCR. His areas of interest are maxillofacial trauma, disorder of TMJ and advanced surgical and bone grafting procedures in Implantology. Currently he is working as:

Director & faculty at four dimensions dental Sr. consultant for jaypee hospital, adiva superspeciality, yatharth superspeciality hospital.

Dr. Sachin Deep Singh

A very successful practitioner, he is a graduate from government dental college & hospital, Mumbai. He did his post graduation in the field of prosthodontics from king George's Medical College, Lucknow. Since then he is in consultant practice in New Delhi at various dental centre's and

hospitals. Dr. Sachin Deep Singh has been actively involved in continuing dental education since 2004 as faculty in aesthetic dentistry, basic Prosthodontics, advance Prosthodontics, full mouth rehabilitation and dental implant. He has lectured and conducted hands-on, live demos at various state, national and international level conferences.

He has been opinion leader in Ivoclar vivadent since 2009 and has held many lectures and workshops with them.

He is director and faculty in four dimensions dental focusing on implant education both basic and advanced.

He maintains a private practice in New Delhi focused on aesthetic dentistry and implant dentistry.

Dr. Mayur Kaushik

A young and dynamic personality, he began his career at Manipal College of Dental Surgery in 1996 & completed his MDS in Periodontics at Govt. Dental College, Nagpur. Recipient of Dr. D.N. Kapoor award (International College of Dentists). He is having teaching and clinical experience of 10 years.

Dr. Mayur Kaushik holds around 18 national and international publications till date. He has co-authored four books of the specialty published by Lambert Publishing House, Germany.

In his Academic Journey, Dr. Mayur Kaushik has been examiner for many BDS and MDS examinations. Also, under him 18 research projects have been successfully completed. Adding on to his contribution in spreading knowledge of his field, he has given many live surgical demonstrations and many guest lectures in various conferences and CDE's.

Awarded with the best teacher award for two consecutive years, Dr. Mayur Kaushik is presently working as the professor of Department of Periodontology and Implantology and as the In-charge of Department of Public Health Dentistry In Subharti Dental College and Hospital, Meerut.
